

MPR Hohmann Retractor, Wide Tip

MPR399.26

Description

A specialized Hohmann retractor with a wide square tip for retracting larger amounts of tissue. The 35° bent design provides a high degree of leverage, and the handle features a pair of holes for attaching weights.

All MPR Orthopedics retractors are made from solid stainless steel for durability, longevity, and easy cleaning/sterilization, and are designed for optimal performance with minimal risk of trauma.
