

MPR Moreland Short “V” Osteotomes

MPR-2421-08

MPR-2421-09

Description

Osteotomes for cutting and shaping bone during revision procedures. Their distinctive “V”-shaped tips focus applied force on the sharp points, maximizing their cutting ability and reducing the amount of force needed, and the faceted Radel®* handles prevent rolling when placed down. Made from stainless steel for durability, longevity, and easy cleaning/sterilization.

Made in USA. Original design by Dr. John R. Moreland.

Product Specifications

#	LENGTH	HANDLE LENGTH	SHAFT/BLADE LENGTH	TIP WIDTH
MPR-2421-08	7.69" (19.53cm)	5.12" (13cm)	2.36" (6cm)	0.2" (5mm)
