MPR Pestle Driver

MPR-21440000

Description

A driver/punch used during joint reconstruction and revision procedures. Its wide, concave head conforms to convex surfaces and delivers even impaction force when used in conjunction with a mallet, and the faceted Radel®* handle prevents rolling when placed down. Made from stainless steel for durability, longevity, and easy cleaning/sterilization.

Made in USA.

Product Specifications

Overall Length	12.25” (31.12cm)
Handle Length	5.8” (14.74cm)
Handle Diameter	1.25” (3.17cm)
Shaft Diameter	0.28” (0.7cm)
Head Width	0.68” (1.73cm)
Head Thickness	0.29” (0.74cm)

For Further Information

If further information on this product is required, please contact MPR Orthopedics Customer Service at 800.524.5194 in the United States, or your authorized representative, or visit the MPR Orthopedics website at www.mprortho.com.

*Compared with other materials commonly used on handles for surgical instruments, Radel® is engineered for harsh environments, and can be cleaned, disinfected, and steam-sterilized over 1,000 cycles without significant loss of properties.
