MPR Capsule Retractor, 1 Prong

MPR1009

Description

A retractor for use during shoulder procedures to retract the glenoid capsule. The minimal, bent design provides a high degree of leverage, and the long, slender tip enhances precision and access during use.

All MPR Orthopedics retractors are designed for optimal performance with minimal risk of trauma. Made from solid stainless steel for durability, longevity, and easy cleaning/sterilization.

Made in USA.
